Profile

I'm **Hasib**, a 19-year-old front-end web developer with a passion for spending most of my time in front of my PC. I thrive on creating engaging and user-friendly web experiences. With a keen eye for design and a knack for turning ideas into interactive websites, I'm constantly honing my skills to stay at the forefront of web development. I'm dedicated to bringing creative and functional solutions to life, and I'm excited to continue my journey in the world of web development.

Projects

2022/12 – 2023/08	Genesis Dashboard 🔗 <i>Dashboard</i> Genesis-Dashboard - With this powerful tool, users can create tables and easily add data. The tables are securely saved in the backend, ensuring data integrity and flexibility. Moreover, these tables are exposed through public endpoints, enabling seamless integration with other websites and applications. GitHub-repo: Chipsii/genesis-dashboard
2023/07	101Cars 🔗 <i>Car showcase project</i> A well-constructed car showcase website serves as a virtual showroom, allowing car enthusiasts and potential buyers to explore and learn about different car models without needing to physically visit a dealership. It combines visually appealing design with user-friendly features to create an enjoyable browsing experience. GitHub-repo: Chipsii/car_showcase
2023/06	HeadWind <i>Discord inspired app</i> Discord-Inspired Dashboard with Tailwind CSS GitHub-repo: Chipsii/headwind
